

Exhibit A:
CAT Committee Member #1
Complaint

To whom it may concern,

I am writing to formally raise several concerns regarding the conduct of Nevin Hall in his role as Head of the Coalition of Academic Teams (CAT) within Undergraduate Student Government (USG). For context, I served as a member of CAT this quarter (Spring 2025) under his leadership. The concerns I raise stem from direct experiences on CAT this quarter:

1. Nevin frequently referenced the amount of power he holds, in ways that served to undermine the authority and contributions of others. During a preparatory meeting before we began meeting with RSOs, Nevin mentioned that he holds two positions in USG: VPSO and Head of Elections(?). Throughout the week of RSO meetings, he repeatedly referenced these roles in discussions when RSOs were not present, implying that his positions gave him outsized influence. He mentioned his power of the final vote frequently, how he gets bonus votes because of his two positions, and how he could make any executive decision by himself. He also stated that the absentee ballots, the votes of members unable to attend meetings, were essentially “his,” suggesting he could control the outcomes regardless of discussion. It was clear from these comments that he believed, and intended to communicate, that his opinion would ultimately determine the results.
2. Nevin expressed clear personal biases about various RSOs prior to our meetings with them. For example, he spoke positively about Robotics, saying he was a “big fan” of their budget proposal from the previous year, and indicated that if he chose to use the “equipment fund,” it would likely go to them, even before we had met with any RSOs. In contrast, he expressed strong negative opinions about CHOMUN, Mock Trial, and Debate, describing them as “annoying” and overly large in terms of presenters (CHOMUN). Prior to CHOMUN’s presentation, he warned the committee about them and, during the meeting, aggressively questioned their fundraising and budgeting practices. Afterward, he commented that he was surprised they “folded so quickly” to his aggression. These remarks appeared to influence the perspectives of the two first-year committee members, who consistently echoed his positions and attitudes on these organizations.
3. Nevin demonstrated a general disregard for due process, often dominating discussions and steering them to align with his own views. During one deliberation following an RSO presentation, the committee member responsible for taking minutes raised a legitimate concern about how the RSO had calculated their fundraising, noting that it differed from the standard approach used by others and could affect their allocation. Nevin did not care about his difference and dismissed the point, eventually cutting off the conversation and initiating a vote mid-discussion. As a result, the budget passed in the manner Nevin preferred, without full debate or understanding. After the discussion, it was clear that the two freshmen members of the committee did not understand what the opposing argument was. In another instance, Nevin made a strongly negative comment about an RSO, then explicitly asked for it to be excluded from the meeting minutes.

While I am not certain whether Nevin’s actions technically violate any USG rules or bylaws, they consistently gave the impression that he was more interested in consolidating control than in

fostering a fair, democratic process. His conduct made it feel as though outcomes were predetermined, and that dissenting perspectives were unwelcome or dismissed. If you need any further clarification on the points I've raised, I am happy to clarify.

Exhibit B:
PCC Committee Member #1
Complaint

To the Members of the Undergraduate Student Government,

I write to express grave concern and firm support for the immediate impeachment of Nevin Hall from his current positions within the Undergraduate Student Government. The grounds for this action are not abstract nor ideological. They are practical, urgent, and reflective of a troubling pattern of conduct that undermines the foundational principles of student governance: accountability, professionalism, and stewardship of student resources.

First and foremost, Mr. Hall has repeatedly imposed his personal beliefs upon the deliberations of the Program Coordinating Council (PCC), disregarding the procedural neutrality required of his office. As a steward of a funding body tasked with equitably allocating resources to Registered Student Organizations (RSOs), Mr. Hall has instead wielded discretionary authority in a manner that is selective, opaque, and chillingly indifferent to the standards of fairness. RSOs have reported the withholding of funds without adequate explanation or engagement, despite the clarity of their budgets and timelines. In particular, one PCC RSO chairperson stated plainly: Mr. Hall withheld funds while failing to ask a single substantive question and conducted himself in a manner that was "extremely rude and frankly unprofessional" throughout the funding process. This is not merely bad judgment—it is a willful dereliction of duty.

Moreover, Mr. Hall has demonstrated a consistent disregard for timely procedure and professional standards. Communications delayed, and critical meetings have been conducted in a tone more befitting contempt than collegial governance. His own words betray an alarming attitude: "I enjoy being a USG bureaucrat because I can do what I want without getting impeached." This is not the language of a servant-leader. It is the admission of someone who views institutional power as a personal shield rather than a public trust.

Equally concerning is Mr. Hall's evident lack of understanding of the very RSOs he is charged with supporting. It is the obligation of every PCC members, especially the chair, to familiarize themselves with the unique missions, needs, and budgetary logic of the organizations seeking funding. Mr. Hall has instead approached these interactions with dismissal and ignorance, compounding frustration with confusion. His failure to engage constructively with summer budgets, for instance, is not an isolated lapse. It is emblematic of a broader pattern of neglect that directly harms student initiatives across campus and erodes the presence of arts at UChicago.

Finally, the appeals process under Mr. Hall's oversight has become unclear and increasingly concentrated in his own hands. Such centralization of power in the absence of clarity is both dangerous and antithetical to the principles of transparent student governance. Rather than empowering RSOs with clear recourse or equitable redress, Mr. Hall has created an atmosphere in which grievances are buried, and authority is hoarded.

Impeachment is not a step that should be taken lightly. But neither should it be avoided when the integrity of our institutions is at stake. The question before us is not whether Mr. Hall is

merely imperfect, but whether his continued presence erodes the trust, functionality, and fairness of the USG. The record is clear. The damage is ongoing. The time for action is now.

Exhibit C:
PCC Committee Member #2
Complaint

To whom it may concern,

I am writing to share some observations regarding Nevin Hall's conduct during my time serving on the Program Coordinating Council (PCC). I was selected to join the PCC in the Winter Quarter after applying. I attended my first session on Monday, April 28th and the following session on Wednesday May 30th, 2025, during the beginning of our annual allocations budget meetings with partnering RSOs.

Nevin is clearly knowledgeable about the subject matter and does respond to questions when asked. However, his responses often lack sufficient context or detail to provide a full picture of the current dynamics. For someone new to USG or PCC, there was minimal onboarding, which limited my ability to participate effectively.

During our meetings, conversations were frequently sidetracked, and there was a noticeable lack of structure. At times, side comments detracted from the professionalism of the space. For example, Nevin made comments like "free him" in reference to the SGFC falling behind schedule and used phrases such as "help a brotha out" when asking someone to open the door for the next presenting group. While these remarks didn't personally make me uncomfortable, I understand how they could be interpreted that way, especially given the seriousness of the budget decisions being made. As one of the few Black men in the room, I also recognize how these comments can land differently depending on the audience.

I also found it awkward that a large portion of the committee was composed of first-years, many of whom were unfamiliar with the RSOs beyond what they researched for their applications. Some hadn't attended any of the larger events hosted by PCC RSOs, which showed during deliberations. Nevin would also occasionally make comments about members of his USG-appointed committee not showing up, adding to the sense of disorganization.

While I understand that this is a student-led space, the combination of minimal onboarding, inconsistent professionalism, and a lack of discussion structure made for a disorienting first experience in student government. I hope these reflections help inform improvements to future PCC operations. Please feel free to reach out if any clarification is needed.

5. The time and place of all Council meetings shall be made public at least 48 hours before the convening of each meeting. Announcements shall be made at each Council meeting and posted appropriately.
6. The Council shall make all its official minutes, official records, and items of legislation

available for public inspection in a timely fashion.

7. The Council shall allow note-taking, photography, and the use of video and audio recording devices at its meetings. TITLE IV: RESOLUTIONS, STATEMENTS, AND MOTIONS

1. The College Council shall conduct its meetings and business, unless otherwise noted in the Constitution, Bylaws, or standing rules that the College Council may adopt, through procedure as prescribed by the 2020 edition of *Robert's Rules of Order Newly Revised*.
2. The voting business of College Council shall be conducted by resolutions, which shall be the most formal mode of documentation of the Undergraduate Student Government. They shall be used in cases where a specific activity, policy, or affair of the Undergraduate Student Government is meant to affect an actor, tangibly and terminally, especially external actors. All amendments or addendums to the Undergraduate Student Government's governing documents shall also be in the form of a resolution. Motions of impeachment, removal, or censure shall also be resolutions. Motions of impeachment shall be understood as votes by College Council under

and as defined by Article VIII §6 of the USG Constitution, and shall not run against bodies whose adjudicatory jurisdiction in their particular sphere is final and officially delegated by the Constitution, Bylaws, or by Resolution under this title.

3. In the event that the College Council wishes to indicate a stance on an issue, but not necessarily take action, a statement shall be issued. A statement is a rhetorical document that offers or clarifies the voice of Undergraduate Student Government and the undergraduate Student Association but does not seek to affect specific mechanisms of change on an actor unless those specific mechanisms have already been approved in the form of another type of legislation.
4. A special rules determination shall be used to document and explain the reasons for an invocation of a special rule contained within the Undergraduate Student Government's governing documents, to include any instances where the rules of an official meeting are suspended. Special rules determinations shall not run against the Constitution or these Bylaws, unless specifically noted.
5. All resolutions and statements of the Undergraduate Student Government, duly reviewed and approved by the College Council and signed by the President, or with a veto overridden by the College Council, shall have the full force of the Undergraduate Student Government.
 - a. In the event that a resolution has been fulfilled, a two-thirds vote of College Council shall indicate that a resolution has been completed. The College Council Chair shall liaison with the staff cadre so that appropriate public notice of the completion of the resolution is public.
6. Unless otherwise specified, all items of legislation may be enacted by a majority vote of the College Council.
7. Equivalent items of legislation may only be introduced to College Council, for the purposes of voting, twice per quarter.
 - a. Legislation of the same matter as previously introduced motions must be substantially and substantively different to be considered unique and new for the purposes of this By-Law, as determined by the College Council Chair.
 - b. An item of business may be introduced under different types of legislation more than twice per quarter, so long as the item is not introduced more than twice per quarter under one type of legislation, and votes on the item do not fail more than three times across all types of legislation.
 - c. A vote to override a veto shall not count against this limit.
8. The College Council may not enact any legislation that contradicts the Constitution or these By-Laws, unless the legislation intends to amend, add onto, or otherwise alter the governing documents, and is approved with the proper voting threshold. This limitation includes special rules determinations.
9. The College Council may not enact any legislation concerning the selection or powers of officers of Committees, except where otherwise called for in these By-Laws.

TITLE V: VOTING PROCEDURES

1. The Council shall principally hold votes for all items of legislation, first by unanimous consent if so called for, then by roll call vote.
 - a. Except in exigent circumstances where the Council is unable to reasonably meet synchronously to consider a motion before the cause of action becomes obsolete, the Council shall take care to conduct its votes synchronously.

- b. In the case that a motion must be considered asynchronously, a vote shall be held over electronic mail whereby the responses of individual members shall be noted and included in a memorandum for the record, which shall be attached to the next released College Council minutes. College Council members shall have no fewer than forty-eight hours to consider and vote on the motion asynchronously.
 - i. Votes not cast within the forty-eight hour time period shall be considered abstentions for the purposes of meeting quorum.
 - c. Items of legislation in which the Council considers a matter proposed by another entity within the Undergraduate Student Government are in effect always in the public interest and therefore must be decided at a synchronous College Council meeting.
2. Normally, a vote tally with a listing of how each member voted shall be publicized for each vote taken on any motion and any item of legislation.
- a. In cases where open debate and public vote totals present an overwhelming danger to the physical safety of individual members, the Council may issue a special rules determination to obscure how individual representatives voted. The tally of the vote on this special rules determination, which may pass by simple majority, shall be made public, along with a summation of relevant date and a reason for issuance. The Council shall include a summary of the special rules determination as a footnote to any relevant measures or items of legislation then passed under the determination.
 - b. Votes on confirmations of Undergraduate Student Government member appointments shall not be listed by member. Deliberation or vote tally publication shall not be subject to restriction in the case of confirmations.

TITLE VI: ATTENDANCE, ABSENCES, AND PROXIES

1. If a member is unable to attend a Council meeting, the member may designate a proxy. If a member designates a proxy and the proxy attends the meeting in place of the member, that member will accrue a partial absence pursuant to §2(a) of this Title.
 - a. A proxy may be any student in the College that is a member of the Undergraduate Student Association.
 - b. The Council member must designate the proxy by notifying the Chair within an appropriate amount of time before the meeting, as determined by the Chair.
 - c. Council members may not serve as proxies for other Council members. 
 - d. Members are responsible in full for the actions of their proxies.
2. Each member is allowed two absences per quarter. Should this number be exceeded, the Chair shall, after considering any relevant exigent circumstances, bring a motion to remove the member for neglect of duty, and give them a hearing in accordance with the Constitution. If the motion passes, removing the member, the resulting vacancy shall be filled in accordance with these By-Laws. If the motion fails, the Council should reduce the member's total absences to a total less than two.
 - 3. An absence from a meeting shall cause a member to accrue one absence. Missing a portion of a meeting will cause a member to accrue half an absence, with a ten minute grace period at the beginning and end of the meeting. The use of a proxy at a meeting will accrue half of an absence to the member. Any absence in whole or part or proxy due to attendance at another Undergraduate Student Government meeting accrues no absence. 
4. A College Council candidate runs intending to serve for the whole year. However, a Declared

Proxy may serve on behalf of a College Council representative who studies abroad, or has some other prolonged justified absence as approved by the College Council Chair, for one quarter during that representative's term of service.

5. Should a candidate intend to study abroad at the time of the announcement of petition availability for the relevant election, that candidate must declare on the ballot the quarter in which they will be studying abroad and name the student who will serve as their Declared Proxy. *
 - a. * The College Council Chair's proxy is the Vice Chair in the event of a prolonged absence. The Vice Chair is free, although not required, to select a Declared Proxy in that event.
6. A College Council representative who does not designate a Declared Proxy on the ballot for their election automatically vacates the seat. E&R shall determine whether a Declared Proxy has been properly noted on the ballot prior to election, and shall notify the College Council Chair in the event of a seat being automatically vacated under this section.
 - a. If a candidate is elected as a representative, that representative's Declared Proxy will attend all Undergraduate Student Government-related meetings and cast votes on behalf of the representative during the quarter in which the elected representative is studying abroad. This Declared Proxy will be bound to any and all attendance rules that would normally apply to a College Council member. The attendance of the representative who is studying abroad will be gauged by the attendance of the Declared Proxy.
 - b. A Declared Proxy has the power to resign and to vacate their seat. If a Declared Proxy vacates their seat for any reason, the representative for whom the Declared Proxy is proxying shall be contacted to select a replacement. In the event that no replacement can be found, the representative shall forfeit their seat on the College Council. Such a vacancy shall be filled pursuant to these By-Laws.
7. No member of the undergraduate Student Association may run for a College Council seat if the member plans on studying abroad for more than one quarter during the requisite term of service.

 - a. Should the Cabinet discuss sensitive materials—as defined by these By-Laws—the Cabinet may enter an Executive Session in which that portion of the meeting is closed to the public.
 - i. Instances of Executive Session shall be noted in their general topic and reason for sensitivity in the agenda of that meeting.

-
-
3. Each Vice President shall communicate with their respective active Committees and other officials under their purview on a regular basis during the academic year. The Vice Presidents shall be prepared to discuss the content of these meetings to the Cabinet and College Council upon request, provided information is not sensitive.

 - i. For the Program Coordinating Council and Committee on Academic Teams, the Cabinet shall request from each member Recognized Student Organization, with the assistance of the relevant Committee Chair, the following information in lieu of a budget request:
 1. The budget requests for the current academic term, submitted to the Program Coordinating Council or Coalition of Academic Teams the prior Spring Quarter.
 2. A ledger of all expenditures and encumberments for the current term.
 3. The anticipated amount of budget rollover from the current term to the upcoming term.
 4. Additional context for the present term's and future term's budget and funding requirements, including but not limited to any new, large one-time, or higher expenses in the upcoming term, any major areas of historical underfunding, or any other additional information that would assist the Cabinet in setting the Program Coordinating Council and Committee on Academic Teams budgets.
 - b. The Cabinet shall allow each unit at least one hundred and twenty hours from the time of announcing the proposed budget to submit an appeal for their unit, based on prior criteria determined by the Cabinet.
 - c. The Cabinet may earmark anticipated rollover funds among Undergraduate Student Government units in setting the following year's budget. Any such earmarks shall encumber those funds in the present term and may be incorporated into funding precedents and decisions, which shall be published annually in the same manner as these Bylaws and Constitution, for the relevant Annual Allocations processes.- 2. The Cabinet shall maintain a discretionary budget for the efficient and expeditious availability of funds for units, projects, programming, administrative expenses, or other costs throughout the academic year.
 - a. At the start of each term, the Cabinet shall approve and publish its discretionary funding criteria to provide derivative expenditure authority to qualified individuals. For example, the Cabinet may decide to require that all discretionary expenditure be approved by the whole Cabinet, or the Cabinet may authorize the President or another individual the

authority to make certain expenditure decisions without explicit approval.

- i. At minimum, the Cabinet shall require all expenditures to be tracked within twelve hours of encumberment or disbursement, and shared on request from any Undergraduate Student Government member.
- b. Every Undergraduate Student Government entity shall have the right to request discretionary funding at any time during the present term by submitting a written funding request with their Vice President.
 - i. The Cabinet shall make a decision on a funding request no later than seven days upon the receipt of the funding request.
 - ii. The Cabinet shall not approve a funding decision without specific information about the proposed use of funds and nature of expenditure.
- c. No earlier than the eighth week of Winter Quarter, the Cabinet may initiate an internal transfer of funds from Undergraduate Student Government units for the purpose of budget reallocation, according to the following procedures.
 - i. The Cabinet shall only transfer funds internally for a specific expenditure or earmark.
 - ii. The Cabinet shall take care to prioritize transferring funds internally for a use that is of a similar spirit to the funds' originating unit, before transferring funds for a uniquely different purpose or use.
 - iii. The Cabinet shall not transfer funds internally without first requesting a memorandum of anticipated fiscal impact from the originating unit's leader and University advisor, as applicable.
 1. The Cabinet may approve by majority vote a transfer that has the approval of the originating unit's leader and advisor, as applicable; or that has not received an impact statement within **seventy-two** business hours of request submission; or that is assessed in the memorandum of anticipated fiscal impact to have no financial trade-off, including situations in which the unit has no anticipated expenditure of the relevant funds.
 2. The Cabinet may approve by two-thirds vote and majority College Council approval a transfer that does not have the approval of the originating unit's leader.
 - iv. This clause shall not prohibit the transfer of discretionary funds to an Undergraduate Student Government unit at any time in the year. It shall also not prohibit collaboration between Undergraduate Student Government entities on **jointly funded** projects, programs, or initiatives throughout the year.
- d. All unused and unencumbered USG unit balances on the first day of the ninth week of Spring Quarter shall automatically be available for discretionary use or rollover earmark.

TITLE III: STAFF CADRE

4. Prior to the beginning of Autumn Quarter elections, as determined by the E&R chair, if there is any vacancy in an elected USG office, then the vacant seat shall be filled by a Special Election for vacant seat in conjunction with the Autumn Quarter election held for first year representatives.
5. Following the end of Spring Quarter, If there is a vacancy in the office of President, it shall be filled by the Executive Vice President.
6. If there is a vacancy in an elected position after the beginning of Autumn Quarter but prior to the beginning of the general autumn elections process as determined by the chair of E&R, a special election shall be held to fill the elected post.
7. If, after Autumn Elections and not within four weeks of Spring Elections, a vacancy occurs in an elected post, the following procedures shall be followed. Any and all votes in College Council, for the purposes of filling vacancies, shall be chaired by the Chair of E&R.
 - a. If there is a vacancy in the office of Executive Vice President, it shall be filled by one of the four Vice Presidents. If more than one Vice President wishes to fill the role, the interested Vice Presidents shall appear before the current College Council and the Council shall select one candidate by majority vote.
 - b. If there is a vacancy in the office of College Council Chair, it shall be filled by election

from College Council.

- c. If there is a vacancy in one of the offices of the four Vice Presidents, it shall be filled by one of the Chairs of their assigned Committees. If more than one relevant Committee Chair wishes to fill the role, the interested Committee Chairs shall appear before the College Council and the Council shall select one candidate by majority vote.
 - i. If no eligible Committee Chair wishes to seek the relevant Vice Presidency, a general application shall be issued to all USG members not serving in the Cabinet, as well as the College Council Vice Chair.
- d. If there is a vacancy in the office of Trustee and Faculty Governance Liaison, a general application shall be issued to all USG members not currently serving in the Cabinet, as well as the College Council Vice Chair. Cabinet shall then select a nominee among the applicants, and the selected nominee shall be confirmed by College Council to be seated. In the event that Cabinet's nominee is declined by College Council, Cabinet shall submit a second nominee to College Council. If this nomination is also declined, the interested applicants shall appear before the College Council and the Council shall select one candidate by majority vote.
- e. If there is a vacancy in the ~~office~~ of College Council Vice Chair, it shall be filled by a current College Council Representative, ~~via~~ a vote in College Council.
- f. If there is a vacancy in a Committee Chair position, it shall be filled by a member of the committee with the vacancy. The application process for this position among the remaining members of the Committee shall then follow the same procedure as selecting Committee Chairs in the regular application cycle.
- g. If multiple vacancies in Cabinet positions exist at once, the above processes shall take effect until all fillable positions are filled. If after automatic promotion processes occur, multiple vacancies in Cabinet positions still exist at once, which cannot be resolved by executing the above outlined procedures due to positional vacancies, a special determination shall be made by the remaining Cabinet-level officials as to how to resolve the vacancies, which must be approved by the College Council. If the College Council declines the submitted mechanism, application materials for all remaining vacant positions shall be distributed to all USG members. After a week of open applications, remaining Cabinet members shall nominate applicants to fill the vacancies, who then must be confirmed by College Council to take office.
- h. If the Cabinet unanimously votes that it best serves the interests of USG to leave the position vacant for the remainder of the vacant position's term, then a given position may remain unfilled for the rest of the term instead of resolution of the above processes.

Constitution, Bylaws, or standing rules that the College Council may adopt, through procedure as prescribed by the 2020 edition of *Robert's Rules of Order Newly Revised* or the most recent edition of *Robert's Rules* as decided by the College Council Parliamentarian or, in the event a parliamentarian is not employed, the Chair of E&R.

2. The voting business of College Council shall be conducted by resolutions, which shall be the most formal mode of documentation of the Undergraduate Student Government. They shall be used in cases where a specific activity, policy, or affair of the Undergraduate Student Government is meant to affect an actor, tangibly and terminally, especially external actors. All amendments or addendums to the Undergraduate Student Government's governing documents shall also be in the form of a resolution. Motions of impeachment, removal, or censure shall also be resolutions. Motions of impeachment shall be understood as votes by College Council under and as defined by Article VIII §6 of the USG Constitution, and shall not run against bodies whose adjudicatory jurisdiction in their particular sphere is final and officially delegated by the Constitution, Bylaws, or by Resolution under this title, and shall not run against officials not elected or appointed by College Council, but those officials shall be amenable to impeachment by their electing or appointing body. Modifications to impeachment procedure shall not be modifiable by special rules determination, but may be modified by the expedited modification procedure or the written consent of the official in question. Resolutions act as the integral operative tool by which to formalize and coalesce student opinions, needs, and wants; they are dynamic and comprehensive, acting as:
 - a. Official statements of College Council and USG, including but not limited to:
 - i. Official positions on campus and outside issues;
 - ii. Statements of support/rejection of campus policies and other issues;

 - d. The expansion of USG entities including new communities and other branches.
3. In the event that the College Council wishes to indicate a stance on an issue, but not necessarily take action, a statement shall be issued. A statement is a rhetorical document that offers or

clarifies the voice of Undergraduate Student Government and the undergraduate Student Association but does not seek to affect specific mechanisms of change on an actor unless those specific mechanisms have already been approved in the form of another type of legislation.

4. A special rules determination shall be used to document and explain the reasons for an invocation of a special rule contained within the Undergraduate Student Government's governing documents, to include any instances where the rules of an official meeting are suspended. Special rules determinations shall not run against the Constitution or these Bylaws, unless specifically noted.
5. In the event that a resolution has been fulfilled, a two-thirds vote of College Council shall indicate that a resolution has been completed. The College Council Chair shall liaison with the staff cadre so that appropriate public notice of the completion of the resolution is public.
6. Unless otherwise specified, all items of legislation may be enacted by a majority vote of the College Council.
7. Resolutions will need to be submitted and read during one College Council meeting and voted on during a separate meeting, the length between these two meetings will be left up to the discretion of the Chair and Vice-Chair of College Council;
8. College Council may override the length between votes with the discretion of the College Council Chairs and approval by a super-majority ($\frac{2}{3}$).
9. Equivalent items of legislation may only be introduced to College Council, for the purposes of voting, twice per quarter.
 - a. Legislation of the same matter as previously introduced motions must be substantially and substantively different to be considered unique and new for the purposes of this By-Law, as determined by the College Council Chair.
 - b. An item of business may be introduced under different types of legislation more than twice per quarter, so long as the item is not introduced more than twice per quarter under one type of legislation, and votes on the item do not fail more than three times across all types of legislation.
 - c. A vote to override a veto shall not count against this limit.
10. The College Council may not enact any legislation that contradicts the Constitution or these By-Laws, unless the legislation intends to amend, add onto, or otherwise alter the governing documents, and is approved with the proper voting threshold. This limitation includes special rules determinations.
11. The College Council may not enact any legislation concerning the selection or powers of officers of Committees, except where otherwise called for in these By-Laws. The Chair of E&R shall determine what legislation is not licit under this section.

TITLE V: VOTING PROCEDURES

1. The Council shall principally hold votes for all items of legislation, first by unanimous consent if so called for, then by roll call vote.
 - a. Except in exigent circumstances where the Council is unable to reasonably meet synchronously to consider a motion before the cause of action becomes obsolete, the Council shall take care to conduct its votes synchronously.
 - b. In the case that a motion must be considered asynchronously, a vote shall be held over electronic mail whereby the responses of individual members shall be noted and included in a memorandum for the record, which shall be attached to the next released

College Council minutes. College Council members shall have no fewer than forty-eight hours to consider and vote on the motion asynchronously.

- i. Votes not cast within the forty-eight hour time period shall be considered abstentions for the purposes of meeting quorum.
- c. Items of legislation in which the Council considers a matter proposed by another entity within the Undergraduate Student Government are in effect always in the public interest and therefore must be decided at a synchronous College Council meeting.
2. Normally, a vote tally with a listing of how each member voted shall be publicized for each vote taken on any motion and any item of legislation.
 - a. In cases where open debate and public vote totals present an overwhelming danger to the physical safety of individual members, the Council may issue a special rules determination to obscure how individual representatives voted. The tally of the vote on this special rules determination, which may pass by simple majority, shall be made public, along with a summation of relevant date and a reason for issuance. The Council shall include a summary of the special rules determination as a footnote to any relevant measures or items of legislation then passed under the determination.
 - b. Votes on confirmations of Undergraduate Student Government member appointments shall not be listed by member. Deliberation or vote tally publication shall not be subject to restriction in the case of confirmations.

TITLE VI: ATTENDANCE, ABSENCES, AND PROXIES

1. If a member is unable to attend a Council meeting, the member may designate a proxy. If a member designates a proxy and the proxy attends the meeting in place of the member, that member will accrue a partial absence pursuant to §2(a) of this Title.
 - a. A proxy may be any student in the College that is a member of the Undergraduate Student Association.
 - b. The Council member must designate the proxy by notifying the Chair within an appropriate amount of time before the meeting, as determined by the Chair.
 - c. Council members may not serve as proxies for other Council members.
 - d. Members are responsible in full for the actions of their proxies.
2. Each member is allowed two absences per quarter. Should this number be exceeded, the Chair shall, after considering any relevant exigent circumstances, bring a motion to remove the member for neglect of duty, and give them a hearing in accordance with the Constitution. If the motion passes, removing the member, the resulting vacancy shall be filled in accordance with these By-Laws. If the motion fails, the Council should reduce the member's total absences to a total less than two.
3. An absence from a meeting shall cause a member to accrue one absence. Missing a portion of a meeting will cause a member to accrue half an absence, with a ten minute grace period at the beginning and end of the meeting. The use of a proxy at a meeting will accrue half of an absence to the member. Any absence in whole or part or proxy due to attendance at another Undergraduate Student Government meeting accrues no absence.
4. A College Council candidate runs intending to serve for the whole year. However, a Declared Proxy may serve on behalf of a College Council representative who studies abroad, or has some other prolonged justified absence as approved by the College Council Chair, for one quarter during that representative's term of service.

5. Should a candidate intend to study abroad at the time of the announcement of petition availability for the relevant election, that candidate must declare on the ballot the quarter in which they will be studying abroad and name the student who will serve as their Declared Proxy.
 - a. The College Council Chair's proxy is the Vice Chair in the event of a prolonged absence. The Vice Chair is free, although not required, to select a Declared Proxy in that event.
6. A College Council representative who does not designate a Declared Proxy on the ballot for their election automatically vacates the seat. E&R shall determine whether a Declared Proxy has been properly noted on the ballot prior to election, and shall notify the College Council Chair in the event of a seat being automatically vacated under this section.
 - a. If a candidate is elected as a representative, that representative's Declared Proxy will attend all Undergraduate Student Government-related meetings and cast votes on behalf of the representative during the quarter in which the elected representative is studying abroad. This Declared Proxy will be bound to any and all attendance rules that would normally apply to a College Council member. The attendance of the representative who is studying abroad will be gauged by the attendance of the Declared Proxy.
 - b. A Declared Proxy has the power to resign and to vacate their seat. If a Declared Proxy vacates their seat for any reason, the representative for whom the Declared Proxy is proxying shall be contacted to select a replacement. In the event that no replacement can be found, the representative shall forfeit their seat on the College Council. Such a vacancy shall be filled pursuant to these By-Laws.
7. No member of the undergraduate Student Association may run for a College Council seat if the member plans on studying abroad for more than one quarter during the requisite term of service.

The Chair of E&R may require in writing to the Chair of College Council, at the close of any given quarter, that the above procedure apply, pursuant to the normal mechanism in these by-laws within *Bylaws Article IV Title I §4-5*.
- 3. Any member of the undergraduate Student Association is eligible to serve on E&R, though when seating E&R, the College Council reserves the right to inquire about an applicant's expected graduation date and opportunities which may inhibit service on E&R during the term for which they have applied.
 - 4. Members of E&R shall choose one of their number to serve as Chair of the E&R Committee. The Chair shall not vote except to break ties. All proxies shall run through the chair of E&R, and all members not present at a scheduled E&R meeting shall notify the chair of E&R, who shall vote their proxies subject to members' policy guidance, subject to the *House Rules* Title I §F.
 - 5. All E&R meetings will be open to the public and the time and location of each meeting shall be made available in advance of the meeting, save for when the committee itself, under its own procedures as it shall determine, be closed and confidential. A Communications Manager shall be detailed by the Executive Vice President to maintain minutes, but those minutes may or may not include notes when E&R meetings are confidential to the public, pursuant to various regulations under the *House Rules* Title I §E. E&R minutes and decisions may not include the names of the members attached, in any way, to the way that they voted.
 - 6. E&R may recruit volunteers to aid the committee in its operations. Volunteers shall not have speaking or voting rights in E&R proceedings. All subcommittee members and volunteers shall not count toward the four member and chair limit on the size of E&R. Subcommittees of E&R may, at the discretion of the chair of E&R, overlap membership with E&R. A subcommittee of E&R, subject to Article III §6 of the USG Constitution, shall exercise all powers within Article VIII §6 of the USG Constitution not exercised by College Council, as well as review

complaints against RSOs, and mediate disputes between RSOs. The chair of E&R may create subcommittees within E&R's issue area at discretion. Subcommittee members of E&R shall be appointed and removed at the discretion of the chair of E&R. The chair of E&R shall chair any and all subcommittees of E&R.

7. If any member of E&R chooses to run for election or support a candidate for office, this member shall inform the Chair of E&R and the Executive Vice President, and shall then resign from the Committee.
8. In the event of a vacancy on E&R, the method of appointing E&R members normally shall be used to fill vacancies.
9. E&R, per the Constitution and these By-Laws, shall adjudicate all allegations of election violations and shall attempt to handle all cases speedily and efficiently.
10. A voter is entitled to vote only for candidates from the electoral unit in which they reside, as defined in these By-Laws.
11. Voters shall be allowed to select write-in candidates, and space for the names of such candidates shall be reserved on the ballot.
12. At least one representative of each candidate or candidate team has the right to view the counting of votes.
 - a. With the exception of College Council members with predefined electoral units in these By-Laws, the constituency of all elected Undergraduate Student Government officials shall be the entire undergraduate Student Association.
13. In the event of an electoral tie, candidates with tied votes shall appear before the current College Council and the Council shall select one candidate by majority vote. Such a meeting of the College Council shall be chaired by the Chair of E&R.
14. College Council, in accordance with Article VI §8 of the Undergraduate Student Government Constitution, may amend or overhaul the *Elections Code* of E&R at any time by a three-fourths majority subject to the expedited modification procedure as within these *By-Laws*. The Chair of College Council must communicate any amendments to the *Election Code* of E&R under this section with both the Chair of E&R and the Executive Vice President no later than three business days after the passage of such an amendment by email.
 - a. Any amendment to the *Elections Code* by the Elections and Rules Committee in accordance with §14 of this article must be approved by a simple majority of College Council.
 - b. Should such a notice process not take place, E&R shall have the power to hold invalid such changes as applied to the *Election Code*.
15. The Elections and Rules Committee shall not have the power to reject, suspend, or otherwise impede any act of referenda initiated approved by College Council that:
 - a. Contains the full text of the act of referendum that has been certified by College Council to be in compliance with Article VII, § 6(b) of the *Elections Code* in accordance with § 6(b)(ii) of the same article; and
 - b. Contains a ballot summary of the text of the act of referendum that has been certified by College Council to be in compliance with Article VII, § 12 of the *Elections Code* in accordance with § 12(b) of the same article.
 - c. E&R shall, shall refer potential violations of the *Elections Code* that would result in the removal or invalidation of a referendum item to College Council. College Council, upon receipt of this referral, shall determine whether to grant a case-specific

exception to E&R that would allow the Committee to reject, suspend, or otherwise ~~impede~~ any act of referenda.

- i. Nothing in this section shall be construed as limiting E&R's power to hear and adjudge disputes. Though E&R may continue to hear and adjudicate disputes, the sanctions or remedies the Committee can grant during the course of this adjudication are—assuming College Council does not grant a case-specific exception—limited by this section.
16. No vote or procedure of College Council, Cabinet, or other body of Undergraduate Student Government can override the determination of E&R relating to election disputes, as noted in Article VI §8.
17. The *Election Code* shall be made available by E&R for public inspection.

TITLE II: APPOINTMENTS AND VACANCIES

1. Appointed positions, including but not limited to Committee Chairs, shall have application processes that open the given position to the segment of the general student body relevant to the given position, with specifications regarding class year, experience level, or other relevant quality being permissible. Selections for appointed positions shall be chosen by the Cabinet, delegating final decisions to the relevant Vice President (or in the case of there being no particular relevant Vice President, the President), and promptly delivered to the College Council.
 - a. The requirement for an open general application can be waived with the consent of the Cabinet and College Council in the event that a given appointment must be selected on a compressed timeline, except for E&R.
 - b. While committee members are technically appointed, any procedures outlined in Article IV or committee-specific By-Laws or substantive equivalents that contradict the procedures set forth in this Article shall take precedence over those in this Article.
2. All positional appointments must be approved by the College Council in a timely manner following their selection to take effect. If the College Council declines to approve an appointment, the Cabinet shall deliberate and select a new nominee.
3. Unless specified elsewhere in these By-Laws or in the Undergraduate Student Government Constitution, a vacancy in an unelected USG position shall be filled by the same mechanism by which appointed members are selected and confirmed.
4. Prior to the beginning of Autumn Quarter elections, as determined by the E&R chair, if there is any vacancy in an elected USG office, then the vacant seat shall be filled by a Special Election for vacant seat in conjunction with the Autumn Quarter election held for first year representatives.
5. Following the end of Spring Quarter, If there is a vacancy in the office of President, it shall be filled by the Executive Vice President.
6. If there is a vacancy in an elected position after the beginning of Autumn Quarter but prior to the beginning of the general autumn elections process as determined by the chair of E&R, a special election shall be held to fill the elected post.
7. If, after Autumn Elections and not within four weeks of Spring Elections, a vacancy occurs in an elected post, the following procedures shall be followed. Any and all votes in College Council, for the purposes of filling vacancies, shall be chaired by the Chair of E&R.
 - a. If there is a vacancy in the office of Executive Vice President, it shall be filled by one of the four Vice Presidents. If more than one Vice President wishes to fill the

- role, the interested Vice Presidents shall appear before the current College Council and the Council shall select one candidate by majority vote.
- b. If there is a vacancy in the office of College Council Chair, it shall be filled by election from College Council.
 - c. If there is a vacancy in one of the offices of the four Vice Presidents, it shall be filled by one of the Chairs of their assigned Committees. If more than one relevant Committee Chair wishes to fill the role, the interested Committee Chairs shall appear before the College Council and the Council shall select one candidate by majority vote.
 - i. If no eligible Committee Chair wishes to seek the relevant Vice Presidency, a general application shall be issued to all USG members not serving in the Cabinet, as well as the College Council Vice Chair.
 - d. If there is a vacancy in the office of Trustee and Faculty Governance Liaison, a general application shall be issued to all USG members not currently serving in the Cabinet, as well as the College Council Vice Chair. Cabinet shall then select a nominee among the applicants, and the selected nominee shall be confirmed by College Council to be seated. In the event that Cabinet's nominee is declined by College Council, Cabinet shall submit a second nominee to College Council. If this nomination is also declined, the interested applicants shall appear before the College Council and the Council shall select one candidate by majority vote.
 - e. If there is a vacancy in the office of College Council Vice Chair, it shall be filled by a current College Council Representative, via a vote in College Council.
 - f. If there is a vacancy in a Committee Chair position, it shall be filled by a member of the committee with the vacancy. The application process for this position among the remaining members of the Committee shall then follow the same procedure as selecting Committee Chairs in the regular application cycle.
 - g. If multiple vacancies in Cabinet positions exist at once, the above processes shall take effect until all fillable positions are filled. If after automatic promotion processes occur, multiple vacancies in Cabinet positions still exist at once, which cannot be resolved by executing the above outlined procedures due to positional vacancies, a special determination shall be made by the remaining Cabinet-level officials as to how to resolve the vacancies, which must be approved by the College Council. If the College Council declines the submitted mechanism, application materials for all remaining vacant positions shall be distributed to all USG members. After a week of open applications, remaining Cabinet members shall nominate applicants to fill the vacancies, who then must be confirmed by College Council to take office.
 - h. If the Cabinet unanimously votes that it best serves the interests of USG to leave the position vacant for the remainder of the vacant position's term, then a given position may remain unfilled for the rest of the term instead of resolution of the above processes.

TITLE III: TERMS AND LEAVES OF ABSENCE

leadership for the whole year, although absences are permissible in exigent circumstances.

 - b. If a member of the Cabinet does not or cannot fulfill their duties for an extended period of time without notifying and clearing their absence with the rest of the Cabinet, the member shall be removed from their position, without the opportunity to return to their position when they are again able to fulfill their duties. Their position shall then become vacant and filled accordingly.

 - c. A temporary vacancy resulting from a leave of absence may be filled upon request by the relevant Committee Chairs and Vice Presidents, subject to the confirmation of

the College Council.

5. Disputes regarding removal, what constitutes fulfillment of duties, temporary absences, or other concerns relevant to terms and leaves of absences, or concerns and interpretations about special staff categories shall be adjudicated by E&R. Disputes and complaints under this section shall be governed by the *Election Code* and *House Rules* as administered by E&R. Any meetings of the College Council to administer this section shall be chaired by the chair of E&R.

ARTICLE VII: AMENDMENTS

1. The College Council may amend these By-Laws by resolution with a two-thirds vote.

14. The Council shall allow note-taking, photography, and the use of video and audio recording devices at its meetings. If sensitive or potentially endangering information is presented or debated, the use of photography, note-taking, and video and audio recording devices may be prohibited by a two-thirds special rules determination of the Council.
15. College Council shall, within one week of the receipt of a Student Government Finance Committee, Sports Club Finance Committee, Community Service Fund, Coalition of Academic Teams, or Program Coordinating Council discretionary funding recommendation, review the funding recommendations from that entity.

 1. College Council Representatives shall not review the Annual Allocations decisions for Recognized Student Organizations of which they are members or otherwise have a conflict of interest. They shall adhere to *Robert's Rules* and E&R directives regarding conflicts.

Section III: Resolutions

1. The  business of College Council shall be conducted by resolutions, which shall be the most formal mode of documentation of the Undergraduate Student Government. They shall be used in cases where a specific activity, policy, or affair of the Undergraduate Student Government is meant to affect an actor, tangibly and terminally, especially external actors. All amendments or addendums to the Undergraduate Student Government's governing documents shall also be in the form of a resolution.
 Resolutions act as the integral operative tool by which to formalize and coalesce student opinions, needs, and wants; they are dynamic and comprehensive, acting as:
 1. Official statements of College Council and USG, including but not limited to:
 1. Official positions on campus and outside issues;
 2. Statements of support/rejection of campus policies and other issues;
 3. Official appeals and requests of campus administration, campus institutions, RSOs, etc;

 4. Any and all events using funds under the purview of College Council
 4. The expansion of USG entities including new communities and other branches.

-  Motions of impeachment, removal, or censure shall also be resolutions that require $\frac{2}{3}$ approval. Motions of impeachment shall be understood as votes by College Council under and as defined by Article VIII §6 of the USG Constitution, and shall not run against bodies whose adjudicatory jurisdiction in their particular sphere is final and officially delegated by the Constitution, Bylaws, or by Resolution under this title, and shall not run against officials not elected or appointed by College Council, but those officials shall be amenable to impeachment by their electing or appointing body. Modifications to impeachment procedure shall not be modifiable by special rules determination, but may be modified by the expedited modification procedure or the written consent of the official in question.
3. A special rules determination shall be used to document and explain the reasons for an invocation of a special rule contained within the Undergraduate Student Government's governing documents, to include any instances where the rules of an official meeting are suspended. Special rules determinations shall not run against the Constitution or these Bylaws, unless specifically noted.
-  The issuance of any waiver via special rules determination, due to student body interest, exigent circumstance, or other enumerated circumstance, to these By-Laws or other Undergraduate Student Government governing documents, shall be communicated to College Council, Cabinet, and E&R via electronic mail within seventy two hours, unless otherwise specified. Each instance shall be recorded and preserved by the Historian. Waivers of the By-Laws or other Undergraduate Student Government governing documents by special rules determination may not be made unless consented to by the chair of E&R.
5. In the event that a resolution has been fulfilled, a two-thirds vote of College Council shall indicate that a resolution has been completed. The College Council Chair shall liaison with the staff cadre so that appropriate public notice of the completion of the resolution is public.
6. Unless otherwise specified, all items of legislation may be enacted by a majority vote of the College Council.
7. Resolutions will need to be submitted and read during one College Council meeting and voted on during a separate meeting; the length between these two meetings will be left up to the discretion of the Chair and Vice-Chair of College Council;
8. College Council may override the length between votes with the discretion of the College Council Chairs and approval by a super-majority ($\frac{2}{3}$).
9. Equivalent items of legislation may only be introduced to College Council, for the purposes of voting, twice per quarter.
1. Legislation of the same matter as previously introduced motions must be substantially and substantively different to be considered unique and new for the purposes of this By-Law, as determined by the College Council Chair.
 2. An item of business may be introduced under different types of legislation more than twice per quarter, so long as the item is not introduced more than twice per quarter under one type of legislation, and votes on the item do not fail more than three times across all types of legislation.
 3. A vote to override a veto shall not count against this limit.
10. The College Council may not enact any legislation that contradicts the Constitution or these By-Laws, unless the legislation intends to amend, add onto, or otherwise alter the governing documents, and is approved with the proper voting threshold. This limitation includes special rules determinations. The Chair of E&R shall determine what legislation is not licit under this section.

11. The College Council may not enact any legislation concerning the selection or powers of officers of Committees, except where otherwise called for in these By-Laws. The Chair of E&R shall determine what legislation is not licit under this section.

Section IV: Voting Procedures

1. The Council shall principally hold votes for all items of legislation, first by unanimous consent if so called for, then by roll call vote.
 1. Except in exigent circumstances where the Council is unable to reasonably meet synchronously to consider a motion before the cause of action becomes obsolete, the Council shall take care to conduct its votes synchronously.
 2. In the case that a motion must be considered asynchronously, a vote shall be held over electronic mail whereby the responses of individual members shall be noted and included in a memorandum for the record, which shall be attached to the next released College Council minutes. College Council members shall have no fewer than forty-eight hours to consider and vote on the motion asynchronously.
 1. Votes not cast within the forty-eight hour time period shall be considered abstentions for the purposes of meeting quorum.
 3. Items of legislation in which the Council considers a matter proposed by another entity within the Undergraduate Student Government are in effect always in the public interest and therefore must be decided at a synchronous College Council meeting, unless that other entity consents to asynchronous consideration.
 4. Votes on motions of impeachment or constitutional interpretation must be announced in a published agenda at least three weeks prior to the vote taking place or shall be approved via the expedited modification procedure.
2. Normally, a vote tally with a listing of how each member voted shall be publicized for each vote taken on any motion and any item of legislation.
 1. In cases where open debate and public vote totals present an overwhelming danger to the physical safety of individual members, the Council may issue a special rules determination to obscure how individual representatives voted. The tally of the vote on this special rules determination, which may pass by simple majority, shall be made public, along with a summation of relevant date and a reason for issuance. The Council shall include a summary of the special rules determination as a footnote to any relevant measures or items of legislation then passed under the determination.
 2. Votes on confirmations of Undergraduate Student Government member appointments shall not be listed by member. Deliberation or vote tally publication shall not be subject to restriction in the case of confirmations.

Section V: Attendance, Absences, and Proxies

1. If a member is unable to attend a Council meeting, the member may designate a proxy. If a member designates a proxy and the proxy attends the meeting in place of the member, that member will accrue a partial absence.
 1. A proxy may be any student in the College that is a member of the Undergraduate Student Association.
 2. The Council member must designate the proxy by notifying the Chair within an appropriate amount of time before the meeting, as determined by the Chair.
 3. Council members may not serve as proxies for other Council members.
 4. Members are responsible in full for the actions of their proxies.

2. Each member is allowed two absences per quarter. Should this number be exceeded, the Chair shall, after considering any relevant exigent circumstances, bring a motion to remove the member for neglect of duty, and referred to E&R under the normal dispute resolution process. If the motion passes E&R, removing the member, the resulting vacancy shall be filled in accordance with these By-Laws. If the motion fails, the Council shall reduce by special rules determination the member's total absences to a total less than two.
3. An absence from a meeting shall cause a member to accrue one absence. Missing a portion of a meeting will cause a member to accrue half an absence, with a ten minute grace period at the beginning and end of the meeting. The use of a proxy at a meeting will accrue half of an absence to the member. Any absence in whole or part or proxy due to attendance at another Undergraduate Student Government meeting accrues no absence.
4. A College Council candidate runs intending to serve for the whole year. However, a Declared Proxy may serve on behalf of a College Council representative who studies abroad, or has some other prolonged justified absence as approved by the College Council Chair, for one quarter during that representative's term of service.
5. Should a candidate intend to study abroad at the time of the announcement of petition availability for the relevant election, that candidate must declare on the ballot the quarter in which they will be studying abroad and name the student who will serve as their Declared Proxy.
 1. The College Council Chair's proxy is the Vice Chair in the event of a prolonged absence. The Vice Chair is free, although not required, to select a Declared Proxy in that event.
6. A College Council representative who does not designate a Declared Proxy on the ballot for their election automatically vacates the seat. E&R shall determine whether a Declared Proxy has been properly noted on the ballot prior to election, and shall notify the College Council Chair in the event of a seat being automatically vacated under this section.
 1. experience. The content of communications marked [sensitive] should not be shared with any non-USG members, excluding Center for Leadership and Involvement staff but including administrators, until the concern that brought about the [sensitive] marking is considered resolved by the individual who marked the communication as such.

2. Communications shall be marked [extremely sensitive] if publicizing their content would pose concerns about any individual's privacy and/or safety. The content of communications marked [extremely sensitive] should not be shared with anyone who did not receive the given piece of communication, including Center for Leadership and Involvement staff, administrators, and other USG members, unless given express permission to share the information with specifically delineated individuals by the individual to whom sharing the information poses a concern.

1. Any individual shall be free to request that a piece of communication be termed [extremely sensitive], and the sensitivity of that information shall be respected by all relevant communicators.

2. Applications to the Sexual Assault Awareness and Prevention Committee are automatically considered [extremely sensitive].

2. USG members shall respect the confidentiality of any information shared by administrators when confidentiality of the communicated information is requested by those administrators.
3. USG members shall respect the confidentiality of any information shared with them in confidence by members of the student body, including fellow USG members, and not use such information in any official USG communications.

4. USG records management encompasses the following, non-exhaustive, classes of records:

1. Meeting minutes (including College Council, committee, and Cabinet meetings)
2. Passed resolutions and legislation
3. Budget documents and funding records
4. Election records and certified results
5. Constitutions, bylaws, and amendments
6. Annual reports and Advocacy Agendas
7. Public statements, press releases, and official correspondence

10. USG online presence, including social media and website
11. Any other materials deemed historically significant by its records custodian

5. The Chair of the Elections & Rules Committee shall be the records custodian of USG. In the event that there is no chair of E&R, in the interim the Secretary of E&R shall be the records custodian. In the event there is neither a secretary or chair of E&R, College Council shall approve a new records custodian. The Executive Vice President of USG shall be presumed to be the records custodian approved by College Council unless College Council explicitly approves a different records custodian.

6. The USG records custodian has the power to compel the disclosure and provision of all USG records save for the Emergency Fund or SAO, and shall mark those

- records as confidential or restricted under USG's agreement with the University Archives by request of College Council or the generating body
7. The USG records custodian shall be responsible for culling those records that are not pertinent to USG's mission, but shall not edit records themselves.
 8. The USG records custodian shall maintain copies of current-year documents for internal USG use until they are transferred to the Archives, which must be done on a quarterly basis
 9. USG retains any copyright they hold in the records and reserves the right to publish materials from the records without seeking prior permission from the Archives.
 10. The USG records custodian shall re-negotiate the Memorandum of Understanding with the University Archives every two-years, subject to re-approval of College Council.

Title VII: Elections, Appointments, Vacancies, and Removals

Section I: Elections

1. The powers and duties of the Election & Rules Committee (E&R) shall be limited to those enumerated within the Constitution, these By-Laws, the Election Code, and their subsidiary House Rules or other subsidiary documentation. Unless otherwise specified in the Constitution or these By-Laws, this Article shall serve as the preeminent authority governing elections.
2. College Council elections shall take place in both the Spring and Autumn Quarters.
 1. Second, third, and fourth year representatives shall be normally elected in the Spring.
 2. First year representatives shall be elected in the Autumn.
 3. If an inaugurated College Council member elected in the Spring Quarter resigns their position on or before the beginning of the elections process, as determined by E&R, then the vacant seat shall be filled by a Special Election for vacant seat in conjunction with the Autumn Quarter election held for first year representatives.
 1. The line of succession shall be determined by the candidates and votes for the most recent election held for the relevant electoral unit.
 2. If the candidate with the next highest number of votes declines the position or cannot serve in the position, then the seat shall again be considered vacant and filled as such.
 3. Should the above procedure fail to fill the vacancy, the College Council Chair shall announce the existence of the vacancy and an application process to the relevant electoral unit. The Council shall then choose among these applications to fill the vacancy.
 1. An "announcement" entails the position's opening being thoroughly publicized across regularly maintained channels of publicity.
 2. This announcement shall be made subject to Elections & Rules Committee normal announcement procedure as determined by the E&R chair.
 3. Cabinet elections shall take place in Spring quarter.
 1. If an inaugurated Cabinet member elected in the Spring Quarter resigns their position on or before the beginning of the autumn elections process, as determined by E&R, then the vacant seat shall be filled by a Special Election

for vacant seat in conjunction with the Autumn Quarter election held for first year representatives, any other provisions in these bylaws notwithstanding.

4. E&R shall have six members who serve terms of the remaining duration of the academic year, one calendar year, or two calendar years. Members of E&R shall be nominated by the Cabinet and confirmed by College Council.
 1. The Executive Vice President shall solicit applications for vacant E&R positions no less than four weeks before an upcoming election, unless any segment of that period occurs prior to the first day of Autumn Quarter. Further, the Executive Vice President shall consult and obtain the approval of the Chair of E&R regarding both the appointment of new members and the opening of applications for E&R.
 2. The Executive Vice President, and then the College Council Chair or Vice Chair, shall serve as Acting Members of E&R should the committee have fewer than three members at any time.
 3. If the Executive Vice President, College Council Chair, or College Council Vice Chair intend or do vie for candidacy in an election, or otherwise be directly involved in an ongoing campaign for Undergraduate Student Government office, then they shall not serve on the Elections & Rules Committee in this manner. Instead E&R shall designate members of Undergraduate Student Government or the Undergraduate Student Association to fill any remaining vacancies.
 4. The Executive Vice President shall make all nominees' applications available unaltered to the College Council one week prior to the Council's intended vote to confirm E&R members.
 5. E&R applicants shall present themselves to the College Council prior to a vote on their confirmation at a College Council meeting. In the event that E&R nominees are not present in person, save for exigent circumstances as decided by the Chair of College Council, they shall not be considered confirmed by College Council until their presence at a College Council meeting has been recorded. This shall not apply to members being reappointed or their terms extended.
 1. Upon acceptance of their positions at the College Council meeting at which they are present, all members of E&R shall at that meeting sign neutrality agreements for the elections, which shall be kept on file by the Center for Leadership and Involvement until the end of their terms.
 2. It is incumbent on the Chair of E&R to ensure that neutrality agreements are signed in the event of a member's term being lengthened to cover elections not specified in the neutrality agreement and ensure that they are received by the Executive Vice President and held until the end of their terms.
 6. The College Council may not adjourn the final meeting of Winter Quarter unless the E&R committee has been fully constituted or has otherwise exhausted consideration of all available applicants. The Chair of E&R may require in writing to the Chair of College Council, at the close of any given quarter, that the above procedure apply, pursuant to the normal mechanism in these by-laws.
5. Any member of the undergraduate Student Association is eligible to serve on E&R, though when seating E&R, the College Council reserves the right to inquire about an applicant's expected graduation date and opportunities which may inhibit service on E&R during the term for which they have applied.

6. Members of E&R shall choose one of their number to serve as Chair of the E&R Committee. The Chair shall not vote except to break ties. All proxies shall run through the chair of E&R, and all members not present at a scheduled E&R meeting shall notify the chair of E&R, who shall vote their proxies subject to members' policy guidance.
7. All E&R meetings will be open to the public and the time and location of each meeting shall be made available in advance of the meeting, save for when the committee itself, under its own procedures as it shall determine, be closed and confidential. A Communications Manager shall be detailed by the Executive Vice President to maintain minutes, but those minutes may or may not include notes when E&R meetings are confidential to the public, pursuant to various E&R regulations. E&R minutes and decisions may not include the names of the members attached, in any way, to the way that they voted unless a decision was unanimous.
8. E&R may recruit volunteers to aid the committee in its operations. Volunteers shall not have speaking or voting rights in E&R proceedings. All subcommittee members and volunteers shall not count toward the four member and chair limit on the size of E&R. Subcommittees of E&R may, at the discretion of the chair of E&R, overlap membership with E&R. A subcommittee of E&R, subject to Article III §6 of the USG Constitution, shall exercise all powers within Article VIII §6 of the USG Constitution not exercised by College Council, as well as review complaints against RSOs, and mediate disputes between RSOs.
9. The chair of E&R may create subcommittees within E&R's issue area at discretion. Subcommittee members of E&R shall be appointed and removed at the discretion of the chair of E&R. The chair of E&R shall chair any and all subcommittees of E&R.
10. If any member of E&R chooses to run for election or support a candidate for office, this member shall inform the Chair of E&R and the Executive Vice President, and shall then resign from the Committee.
11. In the event of a vacancy on E&R, the method of appointing E&R members normally shall be used to fill vacancies.
12. E&R shall adjudicate all allegations of election violations and shall attempt to handle all cases speedily and efficiently.
13. E&R shall be responsible for election turnout, outreach, and publicity, and shall be granted adequate budget to ensure that this takes place.
 1. E&R will solicit members from College Council and Cabinet who are not running for reelection as volunteers for election marketing efforts
14. A voter is entitled to vote only for candidates from the electoral unit in which they reside, as defined in these By-Laws.
15. Voters shall be allowed to select write-in candidates, and space for the names of such candidates shall be reserved on the ballot.
16. At least one representative of each candidate or candidate team has the right to view the counting of votes.
 1. With the exception of College Council members with predefined electoral units in these By-Laws, the constituency of all elected Undergraduate Student Government officials shall be the entire undergraduate Student Association.
17. In the event of an electoral tie, candidates with tied votes shall appear before the current College Council and the Council shall select one candidate by majority vote. Such a meeting of the College Council shall be chaired by the Chair of E&R.
18. College Council, in accordance with Article VI §8 of the Undergraduate Student Government Constitution, may amend or overhaul the *Elections Code* of E&R at any time by a three-fourths majority subject to the expedited modification procedure as

within these *By-Laws*. The Chair of College Council must communicate any amendments to the *Election Code* of E&R under this section with both the Chair of E&R and the Executive Vice President no later than three business days after the passage of such an amendment by email.

1. Should such a notice process not take place, E&R shall have the power to hold invalid such changes as applied to the *Election Code*.

19. No vote or procedure of College Council, Cabinet, or other body of Undergraduate Student Government can override the determination of E&R relating to election disputes, as noted in Article VI §8.

20. The *Election Code* shall be made available by E&R for public inspection.

Section II: Appointments and Vacancies

1. Appointed positions, including but not limited to Committee Chairs, shall have application processes that open the given position to the segment of the general student body relevant to the given position, with specifications regarding class year, experience level, or other relevant quality being permissible. Selections for appointed positions shall be chosen by the Cabinet, delegating final decisions to the relevant Vice President (or in the case of there being no particular relevant Vice President, the President), and promptly delivered to the College Council.
 1. The requirement for an open general application can be waived with the consent of the Cabinet and College Council in the event that a given appointment must be selected on a compressed timeline, except for E&R.
2. While committee members are technically appointed, any procedures outlined in Article IV or committee-specific By-Laws or substantive equivalents that contradict the procedures set forth in this Article shall take precedence over those in this Article.
2. All positional appointments must be approved by the College Council in a timely manner following their selection to take effect. If the College Council declines to approve an appointment, the Cabinet shall deliberate and select a new nominee.
3. Unless specified elsewhere in these By-Laws or in the Undergraduate Student Government Constitution, a vacancy in an unelected USG position shall be filled by the same mechanism by which appointed members are selected and confirmed.
4. Prior to the beginning of Autumn Quarter elections, as determined by the E&R chair, if there is any vacancy in an elected USG office, then the vacant seat shall be filled by a Special Election for vacant seat in conjunction with the Autumn Quarter election held for first year representatives.
5. Following the end of Spring Quarter, If there is a vacancy in the office of President, it shall be filled by the Executive Vice President.
6. If there is a vacancy in an elected position after the beginning of Autumn Quarter but prior to the beginning of the general autumn elections process as determined by the chair of E&R, a special election shall be held to fill the elected post.
7. If, after Autumn Elections and not within four weeks of Spring Elections, a vacancy occurs in an elected post, the following procedures shall be followed. Any and all votes in College Council, for the purposes of filling vacancies, shall be chaired by the Chair of E&R.
 1. If there is a vacancy in the office of Executive Vice President, it shall be filled by one of the four Vice Presidents. If more than one Vice President wishes to fill the role, the interested Vice Presidents shall appear before the current College Council and the Council shall select one candidate by majority vote.

2. If there is a vacancy in the office of College Council Chair, it shall be filled by election from College Council.
3. If there is a vacancy in one of the offices of the four Vice Presidents, it shall be filled by one of the Chairs of their assigned Committees. If more than one relevant Committee Chair wishes to fill the role, the interested Committee Chairs shall appear before the College Council and the Council shall select one candidate by majority vote.
 1. If no eligible Committee Chair wishes to seek the relevant Vice Presidency, a general application shall be issued to all USG members not serving in the Cabinet, as well as the College Council Vice Chair.
4. If there is a vacancy in the office of Trustee and Faculty Governance Liaison, a general application shall be issued to all USG members not currently serving in the Cabinet, as well as the College Council Vice Chair. Cabinet shall then select a nominee among the applicants, and the selected nominee shall be confirmed by College Council to be seated. In the event that Cabinet's nominee is declined by College Council, Cabinet shall submit a second nominee to College Council. If this nomination is also declined, the interested applicants shall appear before the College Council and the Council shall select one candidate by majority vote.
5. If there is a vacancy in the office of College Council Vice Chair, it shall be filled by a current College Council Representative, via a vote in College Council.
6. If there is a vacancy in a Committee Chair position, it shall be filled by a member of the committee with the vacancy. The application process for this position among the remaining members of the Committee shall then follow the same procedure as selecting Committee Chairs in the regular application cycle.
7. If multiple vacancies in Cabinet positions exist at once, the above processes shall take effect until all fillable positions are filled. If after automatic promotion processes occur, multiple vacancies in Cabinet positions still exist at once, which cannot be resolved by executing the above outlined procedures due to positional vacancies, a special determination shall be made by the remaining Cabinet-level officials as to how to resolve the vacancies, which must be approved by the College Council. If the College Council declines the submitted mechanism, application materials for all remaining vacant positions shall be distributed to all USG members. After a week of open applications, remaining Cabinet members shall nominate applicants to fill the vacancies, who then must be confirmed by College Council to take office.
8. If the Cabinet unanimously votes that it best serves the interests of USG to leave the position vacant for the remainder of the vacant position's term, then a given position may remain unfilled for the rest of the term instead of resolution of the above processes.

Section III: Terms and Leaves of Absence

1. Undergraduate Student Government members shall take office upon certification of their election or confirmation by the College Council, but not before the completion of their predecessor's term. They shall serve until the last day of the Spring Quarter.
2. Members of the Undergraduate Student Government Cabinet agree to serve in their position of leadership for the whole year, although absences are permissible in exigent circumstances.
 1. If a Cabinet member intends to spend a large portion of their term away from their duties, such as in the case of a Cabinet member studying abroad, they

must inform the College Council and Cabinet of this intention at the earliest opportunity.

2. If a member of the Cabinet does not or cannot fulfill their duties for an extended period of time without notifying and clearing their absence with the rest of the Cabinet, the member shall be removed from their position, without the opportunity to return to their position when they are again able to fulfill their duties. Their position shall then become vacant and filled accordingly.
 1. Members of the Cabinet removed from their position due to an inability to discharge their duties may be directly appointed to a position of lower responsibility by the Cabinet, if such a position is available and the Cabinet determines the member suitable for the position.
3. Any member may resign their position at any time by notifying via memorandum the President and the Executive Vice President. The vacancy shall be filled accordingly.
 1. If a USG member states their intention to resign and is unresponsive to communications for more than ten days following their statement of intention, the member will automatically be considered resigned.
3. A Committee Chair who cannot fulfill their duties during their term may seek a leave of absence, but must make arrangements such that the position be temporarily filled and their responsibilities be handled. These arrangements shall be made in consultation with and with the consent of the relevant Vice President.
 1. A Committee Chair may not spend more than quarter away from their duties without the approval of the Cabinet at large.
 2. If a Committee Chair leaves their position vacant for more than three weeks by neglecting committee responsibilities without the consent of their relevant Vice President, they may be removed from office by a two thirds vote of the College Council.
 3. No Committee Chair shall be removed from their position due to an inability to fulfill their duties during the Summer Quarter.
 4. Any Committee Chair may resign their position at any time by notifying via memorandum the relevant Vice President and the Executive Vice President. The vacancy shall be filled accordingly.
4. Any regular appointed member of the Undergraduate Student Government not enumerated elsewhere in this Article may seek a leave of absence or resign their position for any reason and at any time.
 1. A regular appointed member may apply for a leave of absence to any relevant Committee Chairs and Vice Presidents, or the Executive Vice President. The relevant Committee Chairs and Vice Presidents may approve or reject, with the advice and consent of the Cabinet, a leave of absence for a specific amount of time and for a specific reason.
 2. In the case of an approved leave of absence, the Cabinet shall, upon petition from the returning member or the conclusion of the predefined term of absence, review and vote on whether the individual may return to their position when they are again able to fulfill their duties.
 3. A temporary vacancy resulting from a leave of absence may be filled upon request by the relevant Committee Chairs and Vice Presidents, subject to the confirmation of the College Council.
5. Disputes regarding removal, what constitutes fulfillment of duties, temporary absences, or other concerns relevant to terms and leaves of absences, or concerns and interpretations about special staff categories shall be adjudicated by E&R. Disputes and

complaints under this section shall be governed by the *Election Code* and *House Rules* as administered by E&R. Any meetings of the College Council to administer this section shall be chaired by the chair of E&R.

Title VIII: Amendments

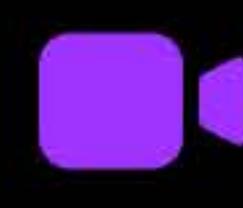

1. The College Council may amend these By-Laws by resolution with a two-thirds vote pursuant to these By-Laws definition of resolution and other procedures.
2. In no case may these By-Laws be amended to contradict the Undergraduate Student Government Constitution.

Hey Jeff! It's been a while, but I wanted to quickly ask you about something Nevin-related

During our CC meeting today, Nevin mentioned that (1) you met up with him at some cafe/diner in Texas to discuss changes to the bylaws for multiple hours, (2) that, as a part of some agreement you two made, you agreed to him exempting E&R from impeachment in exchange for E&R taking on "certain responsibilities that [you] did not want to take on," and (3) that you requested or was otherwise in favor of him not disclosing these (and other changes further empowering E&R) to College Council

Do you happen to know the extent to which the statements he made were true, if any?

1. Nevin and I did meet in Texas, as I recall over the summer of 2023, and discussed several things about USG, bylaws (which at that point I had recently completed and gotten ratified) included. I remember it being about an hour and a half of two hours

2. I don't remember for certain any element of that meeting since it was almost two years ago now and I don't have any notes, but I would be very surprised if a hard agreement was made. I probably said that sounded like a reasonable idea in theory. I certainly didn't "sign" anything, nor do I feel I would have the singular authority to. At the time, I think I recall us both being interested in finding a way for E&R to function as more of a rules interpretation body than it currently does. But that's different from a promised safeguard or anything. And that would be pending drawing up the particulars of such a plan.

3. If he said "I don't think I wanna bring this to College Council yet," I might have agreed. I would be in favor of him preparing change proposals in depth before bringing them to CC. I certainly would not have supported keeping CC in the dark about it once it's time to consider those actual changes.

Basically, any expression of not wanting to bring it to College Council would be an expression of me either feeling that it's not time to make such a change yet or we need to get our ducks in a row before we propose such a change. It would not be to obfuscate any changes to the system anyone was trying to put into action. And I don't think I was entirely in favor of whatever these changes would have been anyway, I just was open to him developing proposals and probably had some favorable interest in the principles behind many of them

& just as a disclaimer I really don't remember what all we talked about, just can speak to what I recall my intentions and attitudes about these types of things were at the time

He said he did which I will assume he was lying about. CC is thinking of impeaching and he said many of the changes he made came from you, which did not sound right to me..

I'll take a stole

Does your uchi email still work?, I'll send follow up there

I don't really remember recommending any changes, the only one I remember is Nevin asked me to do some sports club fund changes that I brought up during fall quarter in cabinet

Ok thanks for letting me know!

When I said budget, I mean appeal (both of which are, normally, budgets)—further, this is on the request of CLI that I do this.

Hi Nevin,

Thank you for the new excuse, that would have been helpful in the first email when you told me the first excuse "Appeals are made on the basis of information PCC elected to provide RSOs, not on our minutes or other internal documents. Hope that helps." As to your point on WHPK, then what does this mean from your prior email regarding their appeal: "I'll meet with them to come up with a full budget, and report back to PCC with what they now request."

I would appreciate consistency here.

Committee members had their time to vote and deliberate—the reason I've removed specifically your access is because of your conflict of interest that might cause you to use your position in PCC to access materials other RSOs don't have access to to write your appeal. As chair, I determine parliamentary and other rules points, and have come to this determination. You're welcome to appeal to the Vice President of Student Organizations if you don't agree with my determination. Emails to PCC RSOs are all identical in wording, save for the name of the RSO itself, the bullet points detailing how we can to their number, and the number itself. I am not meeting with WHPK to come up with a full budget for them.

Hope that helps.

Nevin Hall

Dear Nevin,

I write to respectfully request a more complete picture of how the present figures were determined, particularly given the notable number of RSOs now electing to file appeals. As a sitting member of the PCC, I believe I am entitled to access the relevant minutes and internal documents associated with our committee's deliberations. Should there be any explicit rule that bars committee members from reviewing such materials, I would appreciate your pointing me to the relevant rule.

Absent such a restriction, I look forward to reviewing both the minutes and the funding sheets in advance of any vote. It is only proper that members of this body be afforded full transparency when evaluating the merits of each appeal. To that end, it is concerning that the committee has not been privy to the emails you have sent to RSOs under PCC's jurisdiction. Furthermore, you are meeting with WHPK to come up with a full budget for them. What entitles you to meeting with and forming their budget, yet voting committee members are kept fairly in the dark until you report to the committee?

I raise this with due respect, and in the interest of upholding the deliberative integrity.
